Universal Religion and God

By Dr. Sankarshan Acharya

E-BOOK PREVIEW & DIGITAL SAMPLE

Let's divide the set of all elements in the universe into two disjoint subsets. The first subset is a set of all elements of the universe that are known to humans; call this set Knowledge. The second subset comprises the rest of the elements of the universe; call this set Unknowable.

This is a secure 1-page sample preview of the publication. The full high-resolution digital edition remains encrypted.
